

This is to remind you once again and bring to your attention the Government of India directive to link your PAN with your Aadhaar, latest by March 31, 2022.

We urge you to link right away to avoid these disadvantages

- **“Inoperative” PAN** – You will not be able to conduct financial transactions once your PAN is marked as inoperative after June 30
- **Penalty** – You will be liable to pay a penalty if your PAN is not linked with your Aadhaar as per the newly added *Section 234H of the Income Tax Act, 1961*

Not sure whether your PAN and Aadhaar are linked? Tap [here](#) to check in a matter of seconds.

Attention Mutual Fund investors

If you're a Mutual Fund investor, PAN-Aadhaar linking is vital to avoid these disadvantages:

- New inflows, new SIP/STP/SWP DTP registrations, additional purchases, switches will be restricted
- Existing SIPs/STPs/SWPs will cease
- Investor-initiated redemptions will be restricted
- Higher TDS will be deducted for dividends
- Dividend processing, maturity processing and other non-investor-initiated transactions will be allowed, but pay-outs will be withheld
- You'll be able to process NFTs on PAN updation/correction only after due validations

HOW TO DO? JUST A CLICK ON LINK BELOW - FOLLOW THE LISTED STEPS - AND IT'S DONE!!!

<https://eportal.incometax.gov.in/iec/foervices/#/pre-login/bl-link-aadhaar>

Note: An inoperative PAN Card will become operative once linked with an Aadhaar Card

Warm Regards,

Dalal & Broacha Stock Broking Pvt. Ltd.
